

You were elected to guard
Americans from many dangerous ideas
and Laws. This is one more of the most
important aspects of our freedoms. Will
you again avoid taking a stand?
For that matter if this control of media
by one group is confirmed only one group
will benefit.
Do your job right and it can only
result in making it better for you as
well.
Why are you there? but to see these
things as they develop.
It is already almost at the point of
no return, and while we should all be on
guard, You are paid by all of us to be
there doing exactly that on behalf of
each American. Without a balanced press
and media how will we know of any
candidates and the only
choice will be the one we hear day after
day of the one party with one President
who will be no doubt be appointed again.
Please be careful of what you stand for.
Sincerely,
Charlotte Marlin
